

How to Access Your **Free** 2026-2027 TMC Recommended Practices Manual Online!

As a TMC member, you have online access to TMC's 2026-27 Recommended Practices Manual. Whereas we previously made this member benefit available on CD-ROM, it is now delivered online through our TMC Connect platform.

The 2026-2027 online edition is a three-volume set, featuring TMC's *Recommended Maintenance Practices Manual*—containing maintenance and equipment testing information—and *Recommended Engineering Practices Manual*—containing spec'ing, design and construction practices. Each recommended practice has been developed based on field experience, then subjected to stringent evaluation by TMC members. Therefore, you know the information is top quality. The new RP Manual includes all new or revised RPs issued through March 2026.

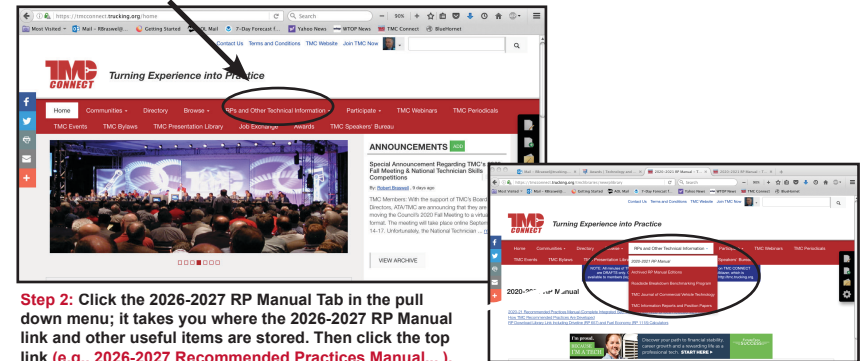

TMC's *RP Manual* is an unequalled reference for maintenance personnel, technicians, engineers, and suppliers.

To purchase printed or CD-ROM copies of the new manual, please call (866) 821-3468. If you have any questions, please call TMC at (703) 838-1763.

TMC Members may access TMC RPs ONLINE with their TMC Connect userid and password at <https://tmconnect.trucking.org>. If you do not remember your userid and password, call (703) 838-1763 or email tmc@trucking.org for a reminder/reset.

Step 1: Goto <http://tmconnect.trucking.org> Click the "RPs and Other Technical Information" link in the red bar on the home page. (NOTE: You don't have to logon at this point.)

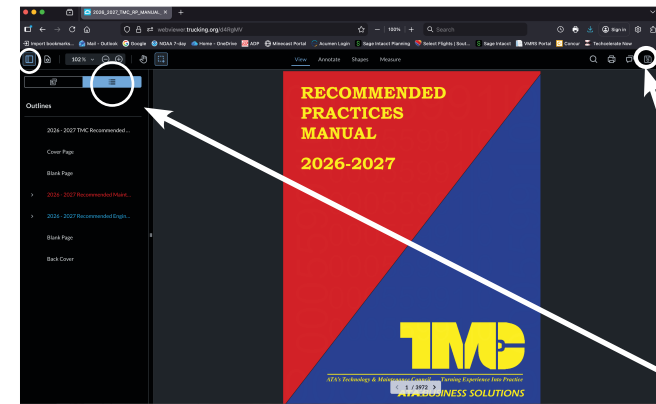

Step 2: Click the 2026-2027 RP Manual Tab in the pull down menu; it takes you where the 2026-2027 RP Manual link and other useful items are stored. Then click the top link (e.g., 2026-2027 Recommended Practices Manual...).

Step 3: Enter your userid and password when prompted. The RP Manual will display through the Vitrinum Webviewer app in your web browser. (Firefox, Chrome, Edge preferred option for PCs. Safari, Firefox preferred option for iOS/macOS/OSX)

OPTION: You also have the option of downloading the RP Manual and/or Supplement to your computer or smart device by clicking the download icon. The file is approximately 556 MB. "Save to Browser" is the option to use and then bookmark the page in your browser so you have fast access to it without the need for WiFi or Internet.

You can navigate via the bookmarks provided, the table of contents, the search feature or by page. Activate the bookmarks by clicking the icons in the circles as shown. The print feature is also located in this toolbar.
