NATIONAL TECHNICIAN SKILLS COMPETITION

September 25-29, 2022 • Cleveland, Ohio

Huntington Convention Center

GOODIE BAG DONATION INFORMATION

The TMC SuperTech competition continues to grow thanks to companies such as yours which have previously supported TMC's technician competitors. The competition is generating the positive effect of improved technician competency and company efficiency. Many fleets and dealers throughout North America are using this event to show their appreciation to those who maintain the vehicles.

The Technician "Goodie Bag" has become a favorite among the contestants. In 2021, more than 20 companies contributed to the goodie bag program. All TMC SuperTech competitors receive the Goodie Bag onsite.

To all who were so generous to donate and advocate for technician entrants in TMC SuperTech 2021....THANK YOU ! To those whom have agreed or expressed an interest in participating with TMC SuperTech 'Goodie Bags'... WELCOME ABOARD !

For 2022, there may be as many as 200 contestants in our four-track, two-day event. Accordingly, we ask you to consider donating 225 pieces. Any unused 'extras' will go to local Vo-Tech student technicians and to promote the 2022 competition.

Need suggestions on what your company can donate? Last year, many technicians expressed an interest in technical information on how to use products better. 'Give Away' items such as hats, mugs, shirts, tools, etc. have been a popular part of the Goodie Bag.
